FOR IMMEDIATE RELEASE

Bohemia, NY — March 5, 2009

Project Green AV Hosts Webinar, Green Building: Challenges & Opportunities for AV

Project Green AV hosts its first webinar today, March 5, 3:00 PM EST, sponsored by Projector Lamp Services, LLC. The webinar, “Green Building: Challenges and Opportunities for AV,” discusses opportunities for the growth of the audio visual industry with emerging Green businesses and government regulations including: Green Building; integration; and new technology and product service for lifecycle extension. Featured speakers include Elizabeth Eames from Project Green AV; Gina Sansivero of Projector Lamp Services; and Ron Howard of the elevenTECHGROUP.

In an economy marked by uncertainty and a society committed to environmental responsibility, emerging Green opportunities offer solutions for the current and future success of the AV industry. Be prepared to learn all about it at today’s webinar.

Downloads and recordings of the webinar will be made available after the event by Project Green AV with the support of Projector Lamp Services. Please visit www.projectgreenav.com to download the recording.

Project Green AV is the comprehensive industry resource for Green information & ideas for the Audio Visual industry. Project Green AV is committed to bringing together AV industry colleagues and consumers to learn about, discuss and teach environmentally responsible and cost-effective solutions for AV purchases, installation, new technology and projects. For more information about Project Green AV, contact Gina Sansivero: gms@projectgreenav.com or 516-901-8542.
