FOR IMMEDIATE RELEASE

**Project Green AV Introduces Cool New Feature to Website
Submit Press Releases to Press Desk at Project Green AV**

Bohemia, NY — July 14, 2009

Project Green AV presents a new feature to bring the audio visual industry and the latest in environmental news together. Environmentally responsible business strategies and product launches require commitment and information. Answering to the ongoing rise in consumer and business to business demand for Green products and strategies, Project Green AV offers a new outlet for posting Green industry news through the Press Desk at Project Green AV.

The Press Desk at Project Green AV is a free service that allows users to upload press releases about Green news, products and business solutions about Green AV, Green IT and Green Building.

Because the content on Project Green AV is specifically targeted for the Audio Visual industry, posting releases to the Press Desk guarantees that the message will reach those who need to hear it most.

All visitors to Project Green AV are welcome to submit news releases to the Press Desk at Project Green AV. The new feature offers an additional way to collaborate with businesses across the AV industry by encouraging Green ideas and offering the latest ways to embrace environmental responsibility for the good of business and for the good of the globe.

Project Green AV is the comprehensive industry resource for Green information and ideas for the Audio Visual industry. Project Green AV is committed to bringing together AV industry colleagues and consumers to learn about, discuss and teach environmentally responsible and cost-effective solutions for AV purchases, installation, new technology and projects. For more information about Project Green AV, contact Gina Sansivero: gms@projectgreenav.com or 516-901-8542.
